Test and Trace

NHS COVID-19 app features

Helping us all to support the NHS by reducing the spread of coronavirus (COVID-19).

Protect your loved ones.
Download the app.

This app helps us keep each other safe

It's like having Test and Trace in your pocket. Here are some of the useful things you can do with the app:

Get notified
Find out when you've been near other app users who have reported a positive test for coronavirus.

Check into venues
Check into places like bars and restaurants with the app's QR code scanner, without having to fill out any forms. If coronavirus is found at the venue, the app will let you know.

Trace
Get alerted if you've been near other app users who have tested positive for coronavirus

Alert
Lets you know the level of coronavirus risk in your postcode district

Check-in
Get alerted if you have recently visited a venue where you may have come into contact with coronavirus

Symptoms
Check if you have coronavirus symptoms and see if you need to order a free test

Test
Helps you book a test and get your result

Isolate
Keep track of your self-isolation countdown and access relevant advice

To download the NHS COVID-19 app,
search for "NHSCOVID-19" in the App Store / Google Play Store on your phone
